## How to Specify Heavy Duty Bar Grating

1. Select type of grating
  - "W" for Welded Steel Grating
  - "WS" for Welded Stainless Steel Grating
2. Select bar spacing from the Heavy Duty Table of Spacings
3. Select bar size (consult load tables considering service loads and clear spans)
4. Specify Plain or Serrated surface
5. Specify banding or additional trim required
6. Specify finish
  - Bare steel (no finish)
  - IG EcoCoat™ - Standard Black Paint
  - Hot Dip Galvanized (per ASTM A-123)
  - Other
7. Specify fasteners (if required)
